

❖ **LISA YUSKAVAGE:** These six large new paintings of Yuskavage's trademark perky bimbos are slicker, sicker, and more perversely seductive than ever. Bathed in fetid color, lit by a preternatural glow, the comically grotesque femme fatales, bad good girls, and sacrificial maidens cut through their own clichés. Through 10/10. **Marianne Boesky, 51 Greene, 941-9888.**
