The FLAG Art Foundation | 545 West 25<sup>th</sup> Street, NY, NY 10011

The FLAG Art Foundation is pleased to present the two-part group exhibition *In New York, Thinking of You*, featuring largely new or never-before-exhibited artworks by over thirty female, female-identifying, and nonbinary artists, on view April 1-June 3, 2023, on the 10<sup>th</sup> floor. Centering on painting, *In New York, Thinking of You* highlights a range of formal disciplines, conceptual practices, subject matters, and approaches to art making. Taking inspiration and its title from the song, *hornylovesickmess*, 2022, by Norwegian singer-songwriter Marie Ulven aka girl in red, the exhibition features work either selected by the artists or made specifically for the exhibition that respond to the often-conflicting emotions and experiences laid bare in the song: desire, listlessness, longing, quiet reflection, romance, sex, tenderness, vulnerability, etc.

### About:

**The FLAG Art Foundation** is a nonprofit exhibition space that encourages the appreciation of contemporary art among diverse audiences. Founded in 2008 by art patron and philanthropist Glenn Fuhrman, FLAG presents rotating exhibitions that include artworks borrowed from a variety of sources. FLAG invites a broad range of creative individuals to curate thematic group shows and works in-depth with artists to provide curatorial support and a platform to realize solo exhibitions.

FLAG fosters dialogue around contemporary art by producing artist talks, artist-led workshops, and exhibition tours for school and museum groups. Based in Manhattan's Chelsea art district, FLAG and all its related programs are free and open to the public.

FLAG also facilitates loans of contemporary artworks to museums and galleries and maintains an extensive database of artworks available to curators.

*In New York, Thinking of You* was organized by The FLAG Art Foundation with the generous support of the participating artists, galleries, and private lenders, including Shelley Fox Aarons and Phillip Aarons, Laura and Stafford Broumand, Gillian Dubin, and others.
